

? New Bib System – Frequently Asked Questions

We've rolled out a brand-new **Athlete Number and Bib System** this season! Below are answers to the most common questions.

Athlete Numbers

- **Do athletes get a new number this year?**
Yes! All athletes (new and returning) are automatically assigned a brand-new registration number ranging from **101 to 99,999**.
 - **Can I choose my number?**
No – numbers are automatically generated. Each athlete now has a **unique lifetime number** that stays with them for their entire Little Athletics journey.
-

Age Patches

- **Do we still use the red age patches?**
No. Age groups are now printed directly on your registration bib. Please remove old patches from uniforms to avoid confusion.
-

Delivery of Bibs

- **How will I get my bib?**
All bibs and patches are posted **directly to your registered home address**. No need to collect Rego packs from your Centre.
 - A **welcome letter** is included with instructions on how to attach bibs (pins, velcro, or sewn).
-

Replacement or Extra Bibs

- **Can I order an extra or replacement bib?**
Yes – through the **Sport:80 platform** for **\$5 (inc. delivery)**:

Special Event – Coles Spring Carnival

- If you haven't received your bib before the Coles Spring carnival, report to the **Admin/Recording area** with your bib number (and pins if possible). A **temporary bib** will be provided.
