Little Athletics Queensland (including Centres and Regions) is operating under a Queensland Government COVID Industry Plan so all athletes, spectators, volunteers (and anyone else who attends this facility) must abide by these rules and comply with any directions given and signage in place.

Please note: For Little Athletics competitions, the "field of play" includes the track & field, athlete marshalling areas (call rooms) and operational areas for officiating (recording, announcing, photo finish) required to conduct the competition whereby physical distancing is not required. Physical distancing is required off the field of play.
